

## ROK CUP ITALIA 2025 - RENTAL OF THE MINI ROK/MINI ROK U10 ENGINE KIT FOR THE WHOLE CHAMPIONSHIP

We are ready, the 2025 season of ROK CUP ITALIA is approaching!

The highly successful format for the Mini ROK and Mini ROK U10 categories of **assigning engines by drawing lots** by the Promoter and **limited number of entries** is once again confirmed.

As already announced ( [https://italy.rokcup.com/dettagli\\_it/2966](https://italy.rokcup.com/dettagli_it/2966) ), has been introduced the opportunity to rent the Mini ROK/Mini ROK U10 engine kit for the whole 8 rounds of ROK Cup Italy 2025 in advance.

This will allow to both purchase the package at a discount price of **2.200,00 Euros VAT included** and to have a **pre-emption on the registration to the single races**.

THE RENTAL OF THE MINI ROK/MINI ROK U10 ENGINE KIT FOR THE ENTIRE CHAMPIONSHIP WILL GIVE ACCESS TO AN EARLY REGISTRATION TO THE SINGLE RACE.

### RENTAL OPENING DAY OF THE ENGINE KIT FOR THE ENTIRE CHAMPIONSHIP:

**TUESDAY 28<sup>th</sup> JANUARY H. 10.00 a.m. (Italian Time)**

### RENTAL CLOSING DAY OF THE ENGINE KIT FOR THE ENTIRE CHAMPIONSHIP:

**FRIDAY 14<sup>th</sup> FEBRUARY H. 11.00 a.m. (or until places are available but, in any case, by 14<sup>th</sup> FEBRUARY H. 11.00 a.m. Italian time)**

Payment shall be made online by credit card. Upon payment, you will receive a confirmation e-mail with an attached PDF that must be filled in, signed and sent to [info@vortex-rok.com](mailto:info@vortex-rok.com).

Those who will have rent the engine kit for the entire ROK Cup Italia 2025 championship will receive, before each round, a link or form for registering to the race, before the official opening to all drivers. They will then be entitled to a limited time slot to register with pre-emption. If the entry won't be made within the specified reserved time, they will lose priority and the entry will be considered equal to all other drivers, risking non-attendance due to the limited number of the category.

### ATTENTION:

The rental of the Mini ROK/Mini ROK U10 engine kit for the whole championship:

- will be available for a **limited period mentioned above** prior to the beginning of the championship and **while places last**. At the end of this period or when places are exhausted, it will be possible to rent the Mini ROK/Mini ROK U10 engine kit exclusively for the single races, when registrations open.
- **does not guarantee the entry** to all ROK Cup Italy championship races, **it will still be necessary to register for the single races**. If the entry will not be completed in the established way and time, the priority will be lost, and the entry will be considered equal to the others.
- Engine rental is **nominal** and in the name of **the driver**. It will therefore not be possible for competitors to hire engines without indicating the specific name of the driver. If the driver won't take part in a race, it won't be possible to transfer the engine rental to other drivers.
- **Refund requests of all or part of the amount paid for the rental will not be accepted**, for whatever reason, not even for the non-attendance in one or more races.
